SCHOOLS TO HAVE
NOVEL EXHIBITSResponse Much Heavier Than
Last Year According to
Supt. Antisdel.

Aside from the informative value of

agricultural and other exhibits at the

Jansville fair and live stock expo-

sition, which opens at the fair

grounds Tuesday and continues until

Friday, education comes in for a

greater amount of attention this year

than ever before. While prizes for

this division are not large individu-

ally, there are more in proportion

than any other section of exhibits at

the fair. The total prize in sums

of prizes is \$5,000.

There are three classes in the edu-

cational exhibit. Special attention is

given in these to high schools, city

and state graded schools, rural

schools, and state graded schools.

The total prizes in each section is

\$2,500, \$3,000, and \$1,500, respec-

tively.

Chicagoan in Judge.

Anne L. Cheney, Chicago, will

judge all school work. Miss Cheney

is a teacher in the Adams

school, is superintendent of the high

schools, and will preside over the

county superintendent of schools.

She is in charge of the rural and

graded school exhibits.

"We have hundreds of exhibits in

the school section," states Mr.

Antisdel, "there will be received Mon-

day. I believe that there are possi-

bly more this year than last and

that the quality is better. There are

so many in the state graded

school section, which is new this

year."

The classes in the rural school ex-

hibits are open only to boys and

girls. The rural school section, which

has attended school during 1920-21.

The value of these demonstrations

comes from the fact that only work

done in the school room is presented.

There are three prizes for each class, thus making it

possible for nearly every child to get

some kind of a prize.

Bates Close Tuesday

Rules for the rural and state

graded schools are the same. Each

article has the name and address of

the exhibitor, name of the teacher,

school district number and the rural

school section, which is new this

year. School exhibits are on sheets

15 by 20 inches. All written or draw-

ing work is mounted.

Exhibits for the city and village

schools do not close until noon Tues-

day. There is one exception, which

permits entries of baked goods to be

displayed Wednesday at 10 o'clock. All

articles must be taken to the sec-

retary's office, where tags will be is-

sued.

Every branch of school work is

covered. Manual training, sewing,

drawing, writing, penmanship, and

baking will receive prizes.

All exhibits will be shown in the

educational building.

STEAMER ALASKA

SINKS IN PACIFIC

(Continued from page 1.)

her body otherwise badly bruised as

a result of injuries received when

she was caught between a life boat

and the sinking ship, after being

thrown into the water.

Ellen Dyer, of J. J. Grange, Ore.,

aged five, was rescued after she had

drifted around on wreckage in the

icy waters for nearly eight hours.

She was conscious when found

and was brought to life only

through strenuous efforts.

Mrs. Dyer, her mother, who was

22 years old, and twins, aged

six, are reported missing. Dyer was

rescued.

EARLY STORY OF DISASTER

WHEN ALASKA SUNK

Eureka, Calif.—Passengers and

members of the crew of the steamer

Alaska were blown from the decks

of the vessel into the ocean when

the ship's boilers exploded as the

Alaska started sinking after twice

hitting on Blunt's reef Saturday

night.

The steamer Anxox, Monday,

brought 165 survivors of the wreck

to Eureka. Seventeen dead were

also brought here, including three

women and a child. There were

thirty-one others missing and be-

lieved dead. Twelve of the dead

had been identified.

The list of missing may be

changed for lists of passengers and

crew have not been verified.

Survivors Bring Story.

The full story of the sinking of

the Alaska did not come known un-

til survivors had landed here. It

was brought on the steamer Anxox

which proceeded toward San Francisco

in a dense fog when she struck a

submerged ledge of the reef. This

shock was almost instantly followed

by another as the vessel struck an

out-cropping of the reef above

water.

The Alaska struck the reef short-

ly after nine o'clock. Immediately

wireless distress signals were flash-

ed. Five miles away the steamer

Anxox of Vancouver picked them up

and disregarding fog and danger of

striking the same rocks, as the

Alaska, put on full speed to the

Alaska, picked up the survivors. At

8:30 o'clock the Anxox re-

ceived the Alaska's final message:

"We are sinking by the head."

Failed to Reach in Time.

Before the Anxox could reach the

sinking Alaska, the latter had sunk.

In the fog the Anxox came upon

a life boat with survivors from the

Alaska. The boat was packed

filled with survivors and oil. Some

of the oil survivors said, had been

blown over them and in their boat

by the explosion of the boilers

which wrecked the Alaska. Anti-

cipal reason for the sinking of the

Alaska, according to the Alaska

report, was to go to his death rather

than leave his command, passen-

gers reported. When Mr. Moss re-

minded a life boat he was wearing

and offering it to Captain Hoboy

telling him to save himself, wit-

nessing said the captain walked away

with the reply: "I prefer to go down

with my ship."

Although a veteran in the service,

Captain Hoboy was only 40 years

old. He assumed command of the

Alaska three weeks ago and this was

his third trip.

Stories of heroism were again told

Monday by survivors of the ill-fated

steamer. Captain S. Snoddy, who

and the crew of the Anxox were com-

panied by three seamen volun-

teers. Second Officer Sinclair of the

Anxox took a life boat from the

Alaska, within 20 minutes re-

ceived 20 persons clinging to wreck-

age in the water.

Milwaukee, Wis.

Evansville

Mrs. L. F. Miller, Phone 294-J.
Correspondent.

Gordon, two year old son of Mr. and

Mrs. L. F. Miller, fell from his

pony Saturday morning and fractur-

ed his collar-bone and shoulder-

blade.

About 20 neighbors and friends of

Frank Styles and bride surprised

them with a party at their home Sat-

urday night. Refreshments were

served and the couple were wish-

ing for a number of beautiful and use-

ful gifts.

Burr Bagley and family and L. L.

Bagley, Albany, were Sunday guests

of Mrs. Bagley, who accompanied

them.

FOR R

Harness Races Open Here Tuesday; Field Unusually Fast

ENTRIES NUMBER 128; TRACKS IN WONDERFUL SHAPE

With a total of 128 entries, considered the fastest ever brought to Janesville, the Lexington of the North opens here at 1:30 Tuesday afternoon. Races will be for four days with 11 extraordinary events on the program, competing for purses aggregating \$7,200.

The Janesville meet is the first of the Wisconsin circuit and follows Madison and Plattville.

Every precaution has been taken this year to satisfy both the public and the drivers. V. C. Roberts of the city, who will give the word, "Go," John Swansborough, Milwaukee, will act as presiding judge.

Fast Horses Arrive

All Saturday, Sunday and Monday, horses, sulkeys and drivers kept pouring into the stable. The fast horses, considered the best from last year's meet at Plattville, Ill., all arrived at the Janesville track by noon.

Special car loads will arrive Monday night to complete the lists.

At the Janesville track, the stable of six and Arrie Frost's Monroe aggregation of six horses arrived Sunday. They came from Plattville where they were successful in taking races last Friday. The team stable of eight head came in from Plattville Monday morning. They were accompanied by George Fogel's Solon Mills stable.

L. Blackwell has arrived from Jackson, Minn., with Merry Breese and The Fast.

Marble Steps, Arrie Frost's son, with Fratty Coxes and Exodus, the speedy 3-year old trotter. Hubs is considered western Canada's crack driver. E. J. Kelly, a "Canadian" and a "ward" alderman, has come in with Willwyn. Dan Allman has arrived with Minor, direct from the Wisconsin track.

On Sunday, Marjorie's last record last week with 1:01, finished a last half mile in 1:02 against a strong breeze. Gloria of the same stable covered a last half in 1:03 1/2.

Trucks Are Great

The half mile and mile tracks are in splendid shape. While the high wind of Saturday and Sunday made the course somewhat messy, the good sprinkling of water was applied as late as 10 o'clock Sunday night and the circuits are perfect for the first start. Weather predictions are for a wonderful week of fine days and with sprinklers on hand to douse the ground each night, some new marks should be set up.

Arrangements have been made to handle enormous crowds. With a better field of horses than last year, the thousands that packed the grandstand should be outdone this year.

For the first time, where they could go to church, thus showing the caliber of men who are here. L. W. Hutchins has arrived from Rossett, Minn., with E. O. Weber's automobile. Weber has charge of the program again this year.

HOWARD BERRY'S BIG LEAGUER NOW

Howard Berry, former athlete star at the University of Pennsylvania and one of the greatest of America's track stars, has signed a contract with the New York Giants.

CAMP GRANT OFFICER IN SHOOTING AFFAIR

Rockford, Ill.—Another mystery has come to Camp Grant, and both the officers of the county and the camp officials are asking a rigid investigation. Last Tuesday, Capt. Robert Ferris went to a local hospital with a gunshot wound and stated that he had been shot while riding on the Eleventh street road. Investigation was made and a revolver found. A former was killed but let go. Later a military commission held an investigation and reported that the wounds were self-inflicted but without suicidal intent. He was relieved of his duties as prison officer. He claimed that the Ferris apartments had been robbed of \$1,000 in Liberty bonds the Sunday previous to the shooting. Other charges are made that a woman is mixed up in the affair. Others declare it is as mysterious as the shooting of Mrs. Lucille Moss, wife of an officer, two years ago near the same spot, the murderers having never been found.

MISS JAMES STARTS \$10,000 DAMAGE SUIT VS. JUDGE BANCROFT

Madison, Wis.—Another aftermath of the political feud engendered in the fifth judicial district by the defeat of Judge Lewis H. Bancroft by Sherman P. Smalley, came today with the announcement from Richard Center that Miss Ada James had started a damage suit for \$10,000 against Mr. Bancroft. Miss James alleges that in a speech at Muscoda that Mr. Bancroft had said that Miss James had forged her father's name to a will.

Sturgeon Bay.—Police here arrested Lloyd Scott twelve hours after he had entered the home of Mrs. D. Fred and relieved a party of five women who were sitting up as wake with the remains of Mrs. Fred, of jewelry and other valuables.

BRINGING UP EATHER

EDGERTON, UNABLE TO SOLVE C. BICK, LOSSES TO BAKERS

Charley Bick hurled the Bakers to another victory when Edgerton went down to defeat, 9 to 4, Sunday at the Persimmon diamond. Two of the Tobacco club's runs came in the sixth when Affelt slammed a triple on top of an auto to left field, robbing Raubacher of a catch.

The Doughboys took the lead in the first inning on three singles and a double for three runs. Sheridon, a Shamrock player, was used on second in the absence of Dawson. Graesslin going to short. Cuts caught a great game and never let a man steal a sack.

Luick of the visitors was knocked off the slab in the sixth and Mabson was sent to the rescue.

WOLVES LAND HEAVILY ON HARMONY, 26-5

Although Zuba eased up in the seventh after he had the Snyggers down to two hits and blanked, the Harmony Snyggers failed to overcome the Janesville Wolves. The pack won 26 to 5. The game was played Sunday at Harmony.

Huepel of the Harmony bunch received "disorder" from his mates in bad support.

SPORTING BRIEFS

Detroit—Play in the Michigan state tennis tournament was scheduled to start here Monday with an entry list that gave promise of stiff competition.

St. Paul, Minn.—Wray Brown, of St. Louis and J. Philbrook of Ames, Iowa, won the interstate tennis association doubles championship from Clarence Sanders and Myron Hutchinson, of St. Paul, in straight sets.

HOAG SHUTS OUT EVANSVILLE, 4 TO 0

In one of the fastest and snappiest amateur baseball exhibitions ever staged at Evansville, the Har-ley-Davidsons of Janesville shut out the Cut-off city crew to the tune of 4 to 0, Sunday, in an hour and a half. Hoag, the Harley twirler, held the Evansville bunch to a lone hit.

Evansville's only chances of scoring came in the fourth and seventh. In the fourth, with two on and one down, Hoag struck out Wolf and Crawford in rapid succession. In the seventh, Scerry of the Cut-off club singled to center for the only hit by Evansville. Hoag was left stranded when Graff made a pretty one-handed catch at center after a long run, and Zwecky grounded out, Lowry to Robeson.

The Harleys have but one open date.

HAGER IN LONG DUEL FOR HORICON

Striking out 20 men and allowing but seven hits, "Red" Hager of the Lake Shore league twirled a wonderful duel for Horicon, Sunday, against Casey of Reeseville. At the end of the twelfth frame, with the score 6 to 6, the game was called to permit Hager to catch a train.

The game was played at the Reeseville community picnic attended by several thousand persons. Hager was pitted against a former Lake Shore league twirler. Hager's hit in the eighth tied the score.

WOOTON OUTPITCHES
EARL SMITHSON, 7-

NORWEGIAN CHURCH HAS BEEN GROWING

Pleasant Springs Township, Dane County—Opening of the meeting of the Norwegian synod of the American Evangelical Lutheran church Friday at the West Koshkonong church brought a large attendance. Reports of the committees were received and a large increase in membership was shown. Rev. J. A. Molstead, of Chicago, presided.

WOOTON OUTPITCHES EARL SMITHSON, 7-3

Jack Wooton took a fall out of Earl Smithson, both former Tractor pitchers, in a shore league game at Green Bay, Sunday, 7 to 3. Wooton was unhittable with men on bases. "Smithy" weakened toward the close of the game, his passes forcing in two runs. Wooton twirled for Green Bay, Smithson for Two Rivers.

GOOD CROP REPORT HELPS BUSINESS

Freight Rates Key to Betterment and Must Go Down.

(Special to The Gazette)

Chicago.—A summary of the annual Crop and Business report, prepared by the Continental and Commercial National Bank and issued last Monday, indicated yield of important crops are:

Corn, bushels 3,100,000,000
Wheat, bushels 1,700,000,000
Barley, bushels 1,000,000,000
Rye, bushels 650,000,000
Potatoes, bushels 270,000,000
Hay, tons 3,300,000
Farm production this year will fall 10 per cent below the record made last season. The important crops return to the average yield of previous years. This one of the few summers of high temperatures in which the crops passed safely through the mid-season of July without very serious damage.

Freight Rates Increased.
Food and feed acreage of the country this year is less than in any year since 1914. The percentage of the total acreage devoted to the raising of crops is less than in any year since 1914. The percentage of the total acreage devoted to the raising of crops is less than in any year since 1914.

BIG CIVIL WAR DEBT IS OWED BY THE STATE

(By Associated Press.)

Madison, Aug. 8.—The Wisconsin state debt, created principally for the purpose of carrying on the war for the maintenance of the union, as evidenced by the certificate of indebtedness totals \$2,675,921.77, report of the secretary of state shows.

Of this amount, \$1,103,700 is due to the school fund and \$1,572,221.77 is due to the normal school fund. In addition the state is indebted to the university fund for \$11,000 and to the agricultural college fund for \$43,000.

These amounts do not include the claims allowed by the legislature that have not been paid, but rather represent only the debt actually being liquidated through payments from the general fund. Nearly \$300,000 was written off the school fund debt last year.

The normal school claim against the state resulted from an order of Judge Samuel Hastings in 1919, holding the normal school fund for \$926,191.77 as payment for lands. This action followed decision of the supreme court in 1919, holding that forestry legislation under which large purchases had been made was unconstitutional.

Growing Crops Improve in Past Two Weeks
Madison.—Showers and moderate temperature improved growing crops during the past week, report of the state crop service says. It must be remembered, the report declares, that in the case of corn, crops were in desperate circumstances two weeks ago, and that the small grains and hay were already harvested at that time.

Barley work is two weeks in advance of the normal season, with some plowing for fall grains already done. Corn is said to be filling well except in a few counties.

Early potatoes are reported as "physically" better, with late potatoes reviving in northern counties. Elsewhere, the yield will be light. Leafhoppers and tobacco worms are causing damage, and blight is appearing in some places. The report says: "Buckwheat is in blossom and is beginning to mature."

Thresholding of grain is nearing completion in southern sections. The yield of spring grains is shown to be very light and winter grains are considerably below average.

The second crop of alfalfa has been cut with a fair yield, while much of the second crop of clover has been turned over to pasture. Pastures are reported as surviving but still scanty. Tobacco is said to be improving except where worms are bad, with toppling general in Dane county and beginning in Vernon county. Cabbage and onion crops will be short, due to the late planting of the seed.

New seeding of hay was helped by rain and is still in poor condition. Livestock is said to be in from a poor to fair condition.

Viroqua.—Mrs. William Gerret, wife of former Mayor William Gerret, is dead here at the age of 60 years, after nine years of confinement to her home.

Pointes Up to Average.
The potato crop has suffered in spots and while the acreage is slightly larger than last year, the crop has been hurt and the yield will be around 270,000,000 bushels.

In estimating business conditions crops are of first importance. Farmers are the great consumers as well as the greatest producers. Their condition affects industry and transportation, and, of course, credit and labor. The country looks to crop conditions for a first sign of business revival.

Crop "conditions" are now good enough to warrant an anticipation of reasonable business activity.

Must Have Lower Rates.
Transportation is the problem of greatest moment in the minds of the contributors. The railroads are efficient—but business is stuck. Freight rates are much too high in comparison with commodity prices and have hardly shown signs of yielding to the downward tendency. A cement manufacturer illustrates by showing that the price of cement is 60 per cent higher than in 1914 and the cost of transporting it has advanced 113 per cent.

It is not the single freight rate but the cumulative effect that creates the damage," says a manufacturer of farm machinery, who illustrates by showing that a steel mill must buy and transport six tons of raw material to produce one ton of finished product. The cumulative freight rate is that on 18 tons of raw material before one ton of finished product can be shipped to the farmer who increases in freight, over 1914, on a gang plow that sold then for \$70 to \$80 to \$110 to \$120. The increase—not the entire freight—on the farmer's corn with which he may pay for the plow, between the same time, is \$10. The total increase is 40 per cent of the 1914 selling price.

Refined New Wares.
This condition, it is argued, makes the price of labor in steel mill or iron factory, of little moment. The railroad men's wages are of great importance. The writer concludes: "I would rather have the government undo the laws that have brought about these conditions, than to try to do something else to help business."

In a general way the reports of contributors show that business averages some 60 per cent of that before the collapse in 1920. In some instances the volume is as great but the writers give special reasons, such as better orders for this condition. Collections are usually better than fair and, in a number of cases, note is made of the fact that accounts long past due are being reduced.

Demand Bulgarian Army Be Demobilized
The Inter allied military commission has demanded a complete demobilization of the Bulgarian army within two months and the need of an army of volunteers, says a semi-official statement today.

WILL BE NO VOTE AT CONFERENCE

Canada Seems to Have Wrong Impression Over Disarmament Meeting.

By DAVID LAWRENCE

Vancouver, Aug. 8.—Canadian editorial reaching the Washington government indicates a misapprehension as to the character of the disarmament conference as it affects the British dominions. The impression seems to exist that there will be votes at the conference, and some writers wonder why the United States didn't issue a special invitation to Canada. These in authority say there will be no voting at the disarmament conference. Decisions will not be reached that way.

Each power represented at the peace conference will have an opportunity to express its views but nothing will be considered until a unanimous agreement has been reached. If there is division of opinion, there will be no attempt to reach a compromise, but unless everybody agrees to the propositions in the end the conference will have failed of its main purpose.

The peace conference at Paris was conducted the same way—each power had a sovereign right to disagree and refuse to accept any part of the treaty, but when it was finally signed, it represented the unanimous judgment of all the nations.

No Votes Taken
The idea of votes at the November conference on disarmament was never an overture of the conference over the alleged six votes of the British empire in the league of the nations to one on the part of the United States. The league of nations separate nations but the United States always regarded the various parts of the British empire as being grouped in a single vote.

Somehow the same attitude is adopted here at the disarmament conference. The Washington government will not issue special invitations to the various nations in the British empire but will deal directly with the British government. If the latter has in its delegation representatives of the British dominions, that of course is something to be hoped for in order that the problems affecting Canada, New Zealand and Australia in the Pacific may be better understood. But in the end the signature of Great Britain alone will be sought, as the Canadian premier has often said, diplomatic relations with the various states of the British empire.

Will Hear Arguments
Even if the British delegation doesn't include representatives of the British dominions, the conference will from time to time hear arguments from many of the British states whose position might be affected. Thus the Canadian premier was often given an audience in the Paris peace parleys, and was in frequent conference with President Wilson and the heads of other governments when matters relating to Canada were being considered. But consultations with Canada or Australia or other British dominion representatives will be along the same line as conferences with Holland or Belgium or other countries which have asked for an opportunity to be present when matters affecting them are discussed.

Sustained Hughes emphasizes the fact that the powers invited to the conference are sovereign nations and that any agreements made by them must be unanimous. In making the agenda or program for the conference, the same rule will be followed. Incidentally the United States will probably seek opinion from other powers as to the questions which should be included in the agenda and will make some suggestions of her own.

Will Reach Agreement
There is every expectation that the agenda can be completed by exchanges of cablegrams before the conference begins on Nov. 11. All the diplomatic representatives of the various powers invited will be discussing the agenda informally for the next several weeks, but if the program is still incomplete it can be finished after the conference actually begins. Any power, however, will be privileged to suggest additions to the agenda even after the conference has begun. But unless all the powers agree to include the new subjects they must be excluded.

Will Had Fight in Kenosha Street
Kenosha.—James Witt, the bandit who was about to be captured near Yorkville, Ill., Friday night, and was wanted for the killing of Chief of Police Reuben of West Chicago, was the same man who fought a running battle with Officer Harry Kirsch, Witt, who was known as O'Neill, and posed as a hardware salesman while here, tried to sell an automobile at so low a price that the police were notified. When an attempt to arrest him was made Witt opened fire and made his escape.

When an attempt to arrest him was made Witt opened fire and made his escape.

Will Had Fight in Kenosha Street
Kenosha.—James Witt, the bandit who was about to be captured near Yorkville, Ill., Friday night, and was wanted for the killing of Chief of Police Reuben of West Chicago, was the same man who fought a running battle with Officer Harry Kirsch, Witt, who was known as O'Neill, and posed as a hardware salesman while here, tried to sell an automobile at so low a price that the police were notified. When an attempt to arrest him was made Witt opened fire and made his escape.

CORN GROWING SO HIGH THAT EARS HANG ON PHONE WIRE

Blawie, Kan.—Brown county, the home of Glenn P. Alterson, author of "Walls of Corn," is in a dilemma. Unless the farmers and the telephone company reach an agreement there will be trouble that may reach the ears of the district court. It is a question of ears all right.

The trouble between the farmers and the telephone company grew out of the rays of Old Sol. The company sent out a "trouble shooter" to find the trouble. The trouble shooter found several objects hanging over the telephone wires. As he drove nearer he saw the objects were ears of corn.

The telephone lines usually run 12 feet from the ground—and stalks of corn had grown up to the wires and deposited ears of corn thereon.

The telephone company expressed its complaints to the farmers. The farmers answered that the corn stalks were not stringing their wires higher than 12 feet above the ground.

Realizing that it would mean a loss of about 2 feet from the ground—and stalks of corn had grown up to the wires and deposited ears of corn thereon.

To make matters worse, along came a two-inch rain Monday night. It came down in a heavy manner all night long, and everywhere and the corn stalks got higher and increasing the load of the telephone wires.

Meanwhile the corn, ears to the wire, continued to "listen in."

Must be unanimous. In making the agenda or program for the conference, the same rule will be followed. Incidentally the United States will probably seek opinion from other powers as to the questions which should be included in the agenda and will make some suggestions of her own.

Will Reach Agreement
There is every expectation that the agenda can be completed by exchanges of cablegrams before the conference begins on Nov. 11. All the diplomatic representatives of the various powers invited will be discussing the agenda informally for the next several weeks, but if the program is still incomplete it can be finished after the conference actually begins. Any power, however, will be privileged to suggest additions to the agenda even after the conference has begun. But unless all the powers agree to include the new subjects they must be excluded.

Will Hear Arguments
Even if the British delegation doesn't include representatives of the British dominions, the conference will from time to time hear arguments from many of the British states whose position might be affected. Thus the Canadian premier was often given an audience in the Paris peace parleys, and was in frequent conference with President Wilson and the heads of other governments when matters relating to Canada were being considered. But consultations with Canada or Australia or other British dominion representatives will be along the same line as conferences with Holland or Belgium or other countries which have asked for an opportunity to be present when matters affecting them are discussed.

Sustained Hughes emphasizes the fact that the powers invited to the conference are sovereign nations and that any agreements made by them must be unanimous. In making the agenda or program for the conference, the same rule will be followed. Incidentally the United States will probably seek opinion from other powers as to the questions which should be included in the agenda and will make some suggestions of her own.

GENERAL

The management of Janesville's Big Fair and Live Stock Exposition will consider it a kindness if persons will report immediately to the Secretary any mistreatment, extortion practiced by any employee of the Fair or concessionaire or any questionable or demoralizing privilege.

RESERVED SEATS IN THE GRAND STAND, 50 CENTS EACH, INCLUDING CUSHION.

A portion of the choice seats in the Grand Stand will be reserved at Janesville's Big Fair and Live Stock Exposition. Those wishing to have Grand Stand Seats reserved in advance may do so by remitting and making application to Harry O. Nowlan, Secretary, Janesville, Wis. Mail orders will be given prompt attention.

4 BIG DAYS BIG NIGHTS 4

AT JANESVILLE'S BIG FAIR,
AUGUST 9, 10, 11 AND 12, 1921.

Get your share of the music, and mirth, education and entertainment and up-to-snuff fun stuff we have lined up for you. Come and view the interesting and instructive exhibits—the marvels of machinery—the thrilling and sensational features, and the automobile show. Come and view the splendid array of free attractions, the races and the airplane exhibition. You simply can't afford to stay away this year. This is your fair—We want you there. Bring the whole family.

THE WELCOME SIGN HANGS EVERYWHERE. BE SURE TO COME.

Janesville, Wis. Aug. 9, 10, 11, 12

Positively the Greatest Fair Ever Held In
Southern Wisconsin. Bigger and
Better Than Ever.

—DON'T MISS THE—

BIG NIGHT FAIR FOUR NIGHTS, AUGUST 9, 10, 11, 12

If you can't come through the day come in the Evening. If you can come in the day, come in the evening also.

The grounds will be clearly lighted and all the Big Free Attractions will be presented the same as during the Day Fair.

These Free Entertainments comprise such world wide known acts as the famous Alexander Medford Trio in a line of the rare and unusual feats never before offered in America—The Borsini Troupe, Europe's most wonderful globe act. The greatest comedy acrobatic act in America—The Ellis-Nolan Troupe. Purveyors of the most enjoyable nonsense. Laugh makers and joy spreaders without equal.

Jack Daugherty, the Rube Fiddler, Musical, Instrumental and Whistling Act. Extraordinary.

The Crane Family—Society Gymnasts. An unsurpassed exhibition. The utmost in Modern Gymnastics.

An excellent Band Concert. Enormous midway of fun with Ferris Wheel, Merry-Go-Round and Whip riding Devices. Nothing like this has ever been seen in Janesville before.

Make your plans now to attend this Big Fair. Come as many days and nights as you can. Meet your friends here. Be sure to bring the children. They will enjoy it as much as any circus.

The Lexington of the North.

Trotting and Pacing Champions From Everywhere To Be Here!

Urged to Victory by Dauntless Drivers.

Don't Fail to See These Interesting Conflicts Between the Monarchs of the Home Stretch.

THE RACES

THE RACING PROGRAM WILL BE A SPECIAL FEATURE AT JANESVILLE'S BIG FAIR AND LIVE STOCK EXPOSITION.

Janesville has long been noted for its famous speed contests, its excellent mile and half-mile race course and in the past the large entries of horses have given ample evidence of the fine tracks, service and courteous treatment accorded to all. Last year's race program was very complete, but this department is having more attention than in any year past and the speed program this year will be upon a scale much larger than ever before attempted. From the large number of entries being received the speed department will be taxed to the limit and the thousands who will daily attend this year's fair will be given opportunity of witnessing the best races ever held in this section of the country. Our fine big amphitheatre and bleachers, flag bedecked and banners bobbing in the breeze, with its excellent view, helps to make this one of the best features of the fair.

The Race Program

Races Called at 1:30 P. M. Daily.

Tuesday, Aug. 9th, 1921—	Purses
2-year-old Trot	\$ 250.00
